

QUALITEX is firmly committed to excel in the business of accessories and spares for the power tools industry. This strong commitment to being the No.1 in our industry, encompasses all our activities from product designing and engineering to manufacturing and service.

We ensure that our tools are the best by devoting quality time with our end users, listening to their needs, suggestions and concerns and discovering newer and better ways to deliver ace quality products and services.

The genes is for this strong foundation of our conglomerate with SPARES INDIA was laid in 1980. Qualitex is an integrated enterprise that focuses on Research & Development, production and sales of armatures, field coils and various other spares used for manufacturing power tools. Quality Power Tools was incorporated in 2007 to holistic solutions in addition to manufacture of spares. We use the latest and cutting-edge technology for innovation and manufacturing of Hot Air Guns.

Our team constantly keeps exploring for new products, collaborative ventures, R&D and timely innovation. We have two proprietary brands, namely, QUALITEX & AVANZER, conforming to international trade standards. Our two proprietary brands are being targeted at the world markets, and gradually carving a niche due to consistent efforts being made over the past 40 years. Quality power tools aims at excellence in all aspects and we always believe in sharing mutual benefits with our partners to ensure a win-win situation.

Our Motto: "Work on customer feedback with utmost sincerity and swiftness."
